Subpart B—Understanding Priority of Service

§ 1010.200 What is priority of service?

(a) As defined in section 2(a) of the JVA (38 U.S.C. 4215(a)) "priority of service" means, with respect to any qualified job training program, that a covered person shall be given priority over a non-covered person for the receipt of employment, training, and placement services provided under that program, notwithstanding any other provision of the law.

(b) Priority in the context of providing priority of service to veterans and other covered persons in qualified job training programs covered by this regulation means the right to take precedence over non-covered persons in obtaining services. Depending on the type of service or resource being provided, taking precedence may mean:

(1) The covered person receives access to the service or resource earlier in time than the non-covered person; or

(2) If the service or resource is limited, the covered person receives access to the service or resource instead of or before the non-covered person.

§ 1010.210 In which Department job training programs do covered persons receive priority of service?

(a) Priority of service applies to every qualified job training program funded, in whole or in part, by the Department, including:

(1) Any such program or service that uses technology to assist individuals to access workforce development programs (such as job and training opportunities, labor market information, career assessment tools, and related support services); and

(2) Any such program or service under the public employment service system, One-Stop Career Centers, the Workforce Investment Act of 1998, a demonstration or other temporary program; any workforce development program targeted to specific groups; and those programs implemented by States or local service providers based on Federal block grants administered by the Department.

(b) The implementation of priority of service does not change the intended

§ 1010.220

function of a program or service. Covered persons must meet all statutory eligibility and program requirements for participation in order to receive priority for a program or service.

§ 1010.220 How are recipients required to implement priority of service?

(a) An agreement to implement priority of service, as described in these regulations and in any departmental guidance, is a condition for receipt of all Department job training program funds.

(b) All recipients are required to ensure that priority of service is applied by all sub-recipients of Department funds. All program activities, including those obtained through requests for proposals, solicitations for grant awards, sub-grants, contracts, sub-contracts, and (where feasible) memoranda of understanding or other service provision agreements, issued or executed by qualified job training program operators, must be administered in compliance with priority of service.

§ 1010.230 In addition to the responsibilities of all recipients, do States and political subdivisions of States have any particular responsibilities in implementing priority of service?

(a) Pursuant to their responsibility under the Workforce Investment Act of 1998, States are required to address priority of service in their comprehensive strategic plan for the State's workforce investment system. Specifically, States must develop policies for the delivery of priority of service by the State Workforce Agency or Agencies, Local Workforce Investment Boards, and One-Stop Career Centers for all qualified job training programs delivered through the State's workforce system. The policy or policies must require that processes are in place to ensure that covered persons are identified at the point of entry and given an opportunity to take full advantage of priority of service. These processes shall be undertaken to ensure that covered persons are aware of:

(1) Their entitlement to priority of service;

(2) The full array of employment, training, and placement services available under priority of service; and

20 CFR Ch. IX (4-1-11 Edition)

(3) Any applicable eligibility requirements for those programs and/or services.

(b) The State's policy or policies must require Local Workforce Investment Boards to develop and include in their strategic local plan, policies implementing priority of service for the local One-Stop Career Centers and for service delivery by local workforce preparation and training providers. These policies must establish processes to ensure that covered persons are identified at the point of entry so that covered persons are able to take full advantage of priority of service. These processes shall ensure that covered persons are aware of:

(1) Their entitlement to priority of service;

(2) The full array of employment, training, and placement services available under priority of service; and

(3) Any applicable eligibility requirements for those programs and/or services.

§ 1010.240 Will the Department be monitoring for compliance with priority of service?

(a) The Department will monitor recipients of funds for qualified job training programs to ensure that covered persons are made aware of and afforded priority of service.

(b) Monitoring priority of service will be performed jointly between the Veterans' Employment and Training Service (VETS) and the DOL agency responsible for the program's administration and oversight.

(c) A recipient's failure to provide priority of service to covered persons will be handled in accordance with the program's established compliance review processes. In addition to the remedies available under the program's compliance review processes, a recipient may be required to submit a corrective action plan to correct such failure.

§ 1010.250 Can priority of service be waived?

No, priority of service cannot be waived.
